## Experience

*September 2024 – April 2025*

**Capstone Team Member • Purdue Fort Wayne/Parkview Health**

- As part of the Senior Capstone Project course, worked with Parkview Health to develop a software product using an application built from C# and MongoDB.
- The product is a program to read PDFs containing unstructured data and reformat it to be discrete data integrated into a data warehouse or the Epic electronic medical records system.
- This allows health workers to see a more complete patient profile and distribute medication that will work better for a specific patient.

*January 2023 – April 2024*

**Warehouse Employee • Discount Comic Book Service**

- Pulled and prepared product for shipment, verifying exact number and type of product before shipping.
- Packed orders in accordance with customer specifications.
- Verified accuracy of incoming shipments against purchase orders.

*February 2021 - December 2022*

**Team Member/Person in Charge • Jimmy John's**

- Worked efficiently and accurately in a fast-paced environment by quickly learning new processes, procedures, and systems.
- Communicated effectively with customers, managers, and team members to ensure a productive shift.
- Performed opening and closing duties.
